

# Optomap Retinal Exam

**35.00 fee** *(Due time of service)*

I understand the benefits of the annual Optomap Retinal Exam as follows:

- The Doctor strongly believes that the Optomap Retinal Exam is an essential part of the comprehensive eye exam, and prescribes it for all patients annually.
- Optomap is a permanent record to compare and track potential eye diseases.
- Allows the doctor an in depth view of nearly the entire retina.
- Educational tool for your doctor to discuss your health and wellness.

\_\_\_\_\_ Yes, I have elected to have the Optomap Retinal Exam today. I understand it is  
(Initial) a 35.00 time of service fee that is not covered by insurance.

\_\_\_\_\_ No, I have elected not to have the Optomap Retinal Exam today. I understand  
(initial) that a widefield view of the retina is an important part of the comprehensive eye exam and that I am declining to obtain a comprehensive view of my retina against the recommendation of my Doctor.
