

Your Appointment

We are open and welcome you to our office:) Please be advised that new protocols are in place and **all visits to our office require an appointment.**

*Our office staff will ask you to please download, fill out and bring with you, paperwork from our website. This will help you to avoid time in our waiting room and reduce your contact time in our office.

***Your Family Or Driver Will Need To Remain In The Car:** Please have your cell phone so we can communicate with you in your car if we need to. Only the patient will be allowed in the clinic to help us limit the number of people and to respect distancing protocols

***Masks:** Everybody must wear a mask in our clinic at all times. If you are unable to wear a mask we will be happy to schedule you at a later date when protocols have changed.

*Please bring your most current glasses with you even if they are broken, along with glasses you wear most often and/or use for computer or hobby. If you are a contact lens wearer, please come to your appointment wearing your contacts.

* Please bring current medication list

***Entering The Office:** You will be met at the door, your temperature will be taken and you will be asked to wash your hands.

***Cleaning and More Cleaning:** We have established additional sanitizing procedures to clean every patient area thoroughly and often.

***Sick? Stay Home:** If you are sick, have a cough, at high risk, or have a fever above 99.9, we can see you at a later date or see you virtually if you have a medical eye condition.

Thank you
Gresham and Sandy Vision Center
